If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

For use with industrial and agricultural products, Red River DOT NIS is a highly concentrated low-foam, nonionic spreader activator. Red River DOT NIS increases the activity and effectiveness of pesticides, by increasing wetting, increasing a more uniform distribution on the leaf surface, as well as improving the retention of the spray droplets on the plant surface.

APPLICATION RATES

<u>APPLICATION</u>	<u>PER 100 GA</u>
Agriculture, Citrus, Turf	½ to 2 pints
Utility and Highway R.O.W.	½ to 4 pints
Forest Site Preparation	1 to 4 pints
Insecticides, Fungicides, Miticides	1/4 to 1/2 pint

DIRECTIONS FOR USE

For use with insecticides, fungicides, miticides: Use 1/4 to 1/2 pint (4 to 8 fl.oz.)per 100 gallons of water.

For use with herbicides, defoliants, desiccants: Use ½ to 4 pints (8 to 64 fl. oz.) per 100 gallons of water. In difficult wetting situations (such as hard water or mature waxy foliage) the higher rates may be required.

Consult the relevant aquatic herbicides for recommendations on use rates.

NOTE: The application rates on this label are based on pesticide labels which recommend, the use of a nonionic surfactant. Rates of this product may be increased or decreased. For optimum results, follow pesticide labeling for proper recommendations.

Before using Red River DOT NIS, where a nonionic surfactant may not be recommended, the user or applicator advisor must have experience with the combination or must have conducted a phytotoxicity trial.

HANDLING

For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Keep away from heat, sparks. and flame. Do not use with aluminum equipment at temperatures above 120°F (49°C). Avoid contact with eyes and skin Do not store near oxidizing agents.

STORAGE AND DISPOSAL

Store in a cool dry place. Keep in original container tightly closed. Do not reuse empty container. If Frozen, warm container and shake well before using. Triple rise (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
